Youths On Spree Halted By Shots

Falls Police Stop Quartet Near Station

Youths Deny Part In Burglary; Case Before JP Today

Four Bristol township youths were apprehended early yesterday morning when two Falls township policemen fired shots at their fleeing car near the Lincoln Point Tydol service station.

The youths were suspected of burglarizing the service station after they attempted to run down Patrolmen Lyle Gass and George Mitchell when the officers tried to stop and question them.

The patrolmen reported they noticed the glass door of the service station broken, and when they investigated, an unidentified car, with its headlights off, sped out of the station onto Trenton avenue.

Use Guns

Patrolman Mitchell said he attempted to stop the car but it sped by him. Then Patrolman Gass attempted to stop the car and it ran toward and by him. The two officers then fired at the fleeing car.

The car went out of control and struck the guide-wire on a utility pole, then crashed into a sign supported by heavy timbers. It stopped when it struck a second utility pole.

The suspects, Douglas Lantz, 23, of 731 Cedar avenue, Frank Calvert, 23, of 831 Fourth avenue, (Continued on Page 3, Col. 3)

Good Evening!

Summer back on the warm beam.

Mercury in the mid-80s yesterday, due to straddle 90 today. It's funny—we haven't heard a single soul complain.

No growls from this corner, no sir, for we're at peace with the world. As long as we can keep on stuffing ourselves with corn, tomatoes, green beans, fried chicken and blueberry pie we'll stay that way.

Life's wonderful.

Nicest news of the whole summer for Lower Bucks county in that Kaiser Metals, Inc., announcement today.

The big firm to spend \$1,000,000 for a huge warehouse on Radcliffe street, and another \$750,000 for plant improvement, and that sort of planning should reflect plenty of confidence in the future.

Just hold the phone. In a few years plenty of new industry will be showing how much confidence they have in the Lower Bucks county future, too.

Prime Minister Eden tells the world Britain never could accept Egypt's Nasser's bandit-like seizure of the Suez.

The world itself can hardly accept that national robbery, either. But the little tin-can dictator must be jarred to his sense not by another war, but by mid-twentieth century global diplomacy and sanity.

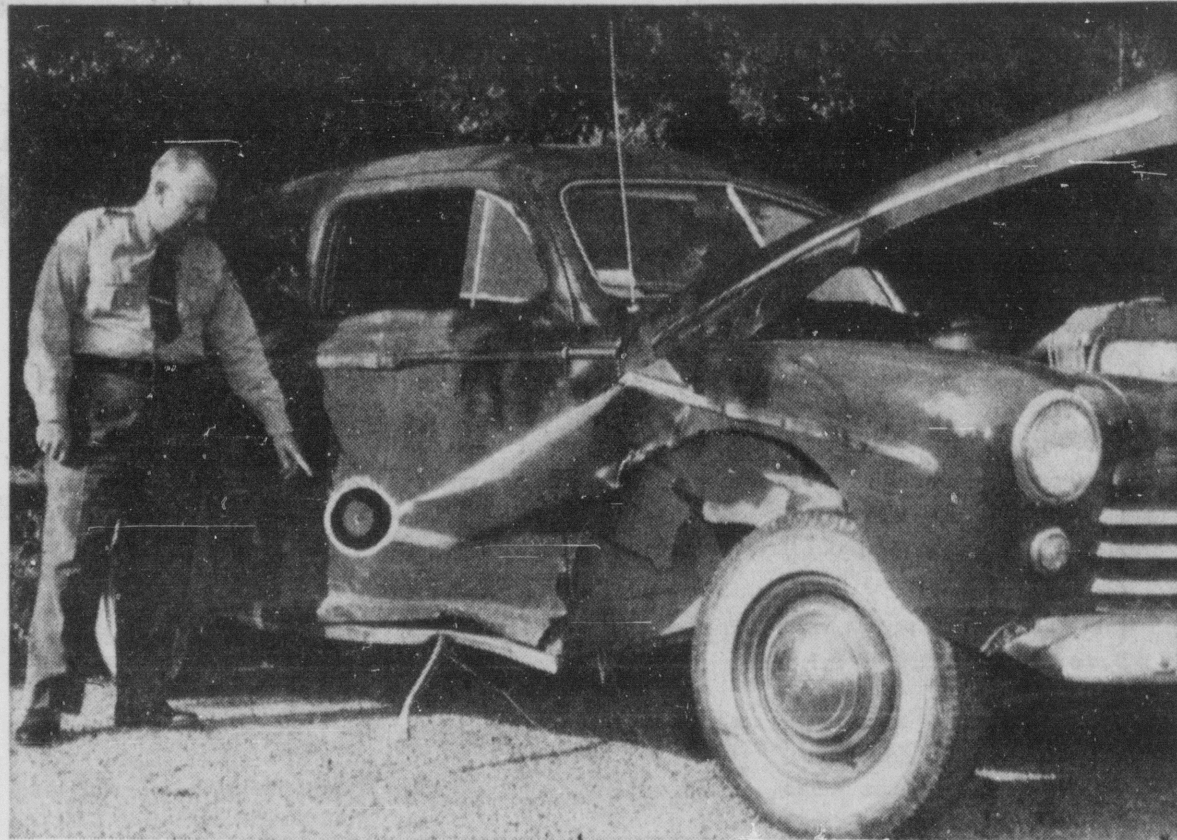

Dixie Democrats bristle over Stevenson's more militant stand on civil rights. Let 'em bristle.

It's time the whole country squares off and squares itself on this civil rights business. We're weary of the sham and hypocrisy and downright chicanery marking the whole approach to wiping out intolerance, bigotry, prejudice.

The honeymoon is over when he phones to say he'll be late for dinner . . . and she's already left a note saying it's in the refrigerator.

By the time most men learn to behave themselves, it's too late to do anything else.

Watch your driving.

Falls township Chief of Police Franklin Kirby points to a bullet-hole (in circle) in the side of an automobile used by four Bristol township youths who attempted to run down two Falls township officers yesterday morning. The officers fired several shots in their attempt to halt the car. The car finally went out of control and was halted when it struck a utility pole. (Courier and Times photo)

Bucks GOP Picks Combined Group

A new Bucks County Republican executive committee was announced today by GOP Chairman Frederick E. Ziegler, with an 11-member ex-officio group to help shape Republican policies in the county. The combined group will be a "working committee," Mr. Ziegler said, and any members who cannot devote the necessary time to Republican Party work will be asked to resign. The chairman said this is one of many moves planned "to see that more Republicans have the opportunity to participate in Republican policy discussion."

27 Members

The executive committee has 27 members from Lower, Middle and Upper Bucks County. Mr. Ziegler named Edward B. Boyer, Tullytown borough councilman, as assistant county chairman for Lower Bucks and said he will soon announce an upper county assistant chairman.

The two assistants, with the five elected officials of the county committee and the four Republican candidates for office in No-

vember make up the ex-officio group.

"Our new executive committee and the ex-officio group who will guide the Republican Party are made up of active Republicans from the various sections of our county," he said. "They also represent the various groups within the party."

"This new group will be, above all, a working committee. That was the major criterion in my selection of these qualified people. Each appointee knows that he must head up certain committees, and that if he cannot devote the necessary time to this work I expect a letter of resignation."

Year-Round Basis

"All committees will be set up on a year-round basis," Mr. Ziegler said, "and the heads of those committees will be named at a later date."

"The assistant chairmen will be the outstanding Republicans of their areas, as in the appointment of Ed Boyer. He has consistently worked for Republican victories (Continued on Page 3 Col. 6)

Falls Demos Fire On GOP After Split

Twp. Head Angry Over Breakup Of Bi-Party Action

Edward Howley, chairman of the Falls Township Democratic Party, today lashed out at the leaders of the Falls Township Republican Club for "breaking up the common bi-partisan front which has existed in the past against the incorporation of Levittown."

"The irresponsible attack of Michael Dorak against Democratic Supervisor Milton Berkes was planned by the Republicans to try to make political capital out of the incorporation controversy," charged Howley.

Combined Strength

"Two years ago we beat the incorporation movement only through joint action of the two political parties in Falls with Berkes as one of the leaders of that fight. Now the Republicans, in order to obtain some narrow partisan gain, have endangered the possibility of bi-partisan action again—something which must have the incorporationists jumping with joy."

"We wonder," asked Howley, "whether Dorak's position represents the thinking of the entire Republican party in Falls or just its reactionary leaders."

"We wonder whether the rank and file Republicans realize that their leaders are playing partisan (Continued on Page 3, Col. 7)

Hot Weather Seen For Few Days

At least two days of summer-like weather were predicted this morning by the U. S. Weather Bureau.

The weatherman said the thermometer would hit near 90 today, cool to the low 70's tonight, warm up again tomorrow. High humidity, scattered showers and thunderstorms are included in tomorrow's forecast.

Rezoning Fight Flares In L'town

The feud between the First Presbyterian church of Levittown and Mrs. Genevieve Lucas has apparently broken out again.

Ill feeling between Mrs. Lucas and the church dates back several months ago when the church opposed a request by Mrs. Lucas for commercial zoning of a small piece of her property.

The trouble arose over the fact that the lot, at Green lane and Emille road, was surrounded on two sides by church property. The congregation objected to the requested zoning change because the church building was only a short distance from the property line.

(Continued on Page 3, Col. 4)

Chemical Truck Afire In Bensalem

Fumes Overcome 25 Persons In Route 1 Blaze

A tractor-trailer truck this morning carrying a load of highly explosive chemicals, believed to be phosphorus, ignited while traveling on U. S. Route 1 near Street road, Bensalem township.

Firemen from Trevoise and Feasterville Fire companies and rescue workers from the Trevoise Heights Rescue Squad are presently fighting dense fumes which have already overcome 25 persons.

Fire officials at the scene believe the chemicals flared because of the high temperatures.

State Police are detouring traffic in the west-bound lane.

The truck is the property of the Ajax Metal Division, H. Krane and Co.

Chemicals kept flaring up, even when under-water, and fire hose, part of new equipment of Trevoise fire company, kept catching fire.

The Trevoise Heights rescue squad was using all four resuscitators and oxygen equipment.

Spectators found themselves frequently having to stamp out small sections of chemicals which caught fire underfoot.

The driver was identified as Robert Lawson, of Philadelphia. He was driving the cargo from Philadelphia to Carteret, N. J.

Motorists saw the flames on the highway but Lawson did not stop until he had passed a string of six service stations, to avoid igniting gasoline tanks.

Twp. Seeks Levitt Land

Bristol Township Board of Commissioners last night voted to ask Levitt and Sons, Inc., to give the Levittown Library Association a small tract of land that had been offered to the township.

The site is on the Crabtree Hollow corner at Mill Creek and Levittown parkway.

It was one of six sites offered to the township by the firm for use as lot lots. Harold Lefcourt, former chairman of the township recreation board, reported that the library group wanted a site (Continued on Page 3, Col. 5)

Lawyer Needs Legal Help

Bristol Township Solicitor Gilbert J. Kraus turned a slight shade of pink at last night's Commissioners meeting when it developed he wasn't sure what was in his contract with the township.

The situation developed when Kraus was instructed to represent Chief John R. Stewart at a coming hearing before the Civil Service Commission. Commissioner Harold Lefcourt asked if that was at any extra cost. "Certainly," replied the lawyer.

"But," said Commissioner Rudolph Kraus, "I thought you only got paid extra for court hearings. Does that include this situation?"

After a moment's reflection the solicitor admitted, "I don't know. I'm not sure how my contract reads."

"You should," came back Commissioner Kraus. "You drew it up."

Little Beauty

Pint-sized Robin Kominsky of 70 Blue Spruce lane, Levittown, struts before judges at the Miss Brook Tot contest held last night at the Stonybrook Pool. Robin was one of the 64 little charmers in bathing suits who competed in the semi-finals. Twenty were selected as final contestants. Hundreds of parents, relatives and friends were on hand to see the three to six-year-olds at their pretty best. (Courier and Times Photo)

Twp. Places Delay Blame On Companies

Lack of Cooperation Caused \$1500 Loss, Engineer Claims

Lack of co-operation from the Bristol Borough Water department and the Philadelphia Electric company caused a seven to 10 day delay at a cost of \$1500 to Bristol Township in the installation of a new storm sewer, it was declared at last night's meeting of the township commissioners.

A report submitted by the township engineer, William Spencer (Continued on Page 3, Col. 1)

Police Force Hike Causes Bitter Clash

Bristol Twp. Safety Group Airs Question Of More Help

Two Democratic members of the Bristol Township Safety Committee clashed head-on at last night's meeting of the Board of Commissioners in a bitter argument over a proposal to hire an additional policeman.

The proposal was made by John Gallagher who said the police force was short-handed by recent promotions, suspensions, and resignations. He pointed out that the Civil Service Commission is considering appeals by one patrolman and two applicants and that positions are being held open.

"The chief has said that he has enough men and doesn't need any more at this time but I don't go along with his statement," Gallagher said.

He was immediately challenged by Harold Lefcourt, chairman of the Safety Committee. "I don't know what Gallagher's motives are, but we have discussed this situation numerous times in committee and have agreed that we would hire four civilians, women or disabled veterans, to handle the base radio and telephone switchboard in headquarters," Lefcourt said.

He explained that this would re-

(Continued on Page 3, Col. 6)

Warehouse To Be Built In Bristol

Cabinet Production Improvements Due Under Program

A 201,000 square-foot warehouse for the storage of finished commercial products and packaging materials will be constructed by Kaiser Metal Products, Inc. of Bristol, Pennsylvania, it was announced today by S. D. Hackley, vice president and general manager. The cost is estimated at \$1,000,000.

At the same time Mr. Hackley said the company is embarking on a \$750,000 improvement program in its kitchen cabinet production facilities. Details will be announced shortly.

"This large investment in our future — nearly two million dollars — is being made to improve our competitive position in a highly competitive field," Mr. Hackley said. "It will enable us to manufacture and ship our commercial products with increased efficiency and flexibility, and to give even better service to our customers."

The Kaiser firm manufactures procelain enameled steel bathtubs and sinks, and steel kitchen cabinets for Sears, Roebuck & Co., Westinghouse Electric Supply Co., and other leading merchandisers. It also produces jet engine and missile components for several large aircraft companies.

Construction of the warehouse, which will add 4-1/2 acres of floor space to Kaiser Metal's facilities, will begin at once, with completion expected in six months. Mr. Hackley said. The structure was designed by Kaiser Engineers Division of the Henry J. Kaiser Co., Oakland, California. McClain Construction Co., Inc., Philadelphia, is the general contractor.

Features of the new warehouse include:

- Tile-wall concrete slab construction, with the new building to be joined to KMP's Enameling Plant. The 960 by 210-foot warehouse will extend north from the Enamel Plant along Radcliffe Street.

- A 2,000-foot long sub-floor drag-line conveyor circling the inside of the building.

- An inside railroad loading dock large enough to accommodate 15 freight cars at one time.

- Gravity feed conveyors from first and second floor packing and (Continued on Page 3, Col. 2)

Stassen

Claims Gain

WASHINGTON — UP — Harold E. Stassen said today the chairman of the Missouri delegation to the Republican national convention has thrown his support to Stassen's "dump-Nixon" campaign.

Stassen released a letter in which Elroy W. Brown, the delegation chairman who also is Republican national committeeman from Missouri, said he has "much evidence that a majority of the people want a change in the vice presidential nomination."

Inside Today's Paper

HUSBAND'S SIDE

Some driving instruction schools advertise, "Want a divorce? Teach your wife to drive." Some Morrisville husbands don't think a divorce will result, but they don't believe the husband should be a driving instructor. And others disagree. See today's Roving Reporter. Page 10.

HAIR RAISING

The trend is to shorter hair for men. An executive of a hair dressing firm tells why. Page 11.

Cooperation

(Continued from Page One)

Erwin, charged that the water company and Philadelphia Electric refused to replace their lines under Bath road during construction of the sewer.

The sewer system consists of 750 feet of drainage pipe and 1000 feet of open ditch from Harrison and Terrace avenues, behind Bath road, to Silver Lake.

Estimates \$20,000

James T. Darrah, Erwin's representative to the township, estimated the entire project cost the township about \$20,000. The state also participated in the project and laid the necessary pipe under Bath road, which is a state highway.

Erwin's report stated neither the Bristol Water Company or the Philadelphia Electric company "seemed to have any regards in replacing their lines in this area which caused a delay of at least seven to 10 days to the township and the Pennsylvania Department of highways."

Darrah said the delay was caused when the workers waited for the agencies to move their lines. Finally he said construction workers had to work around the lines when it became apparent they wouldn't be moved. He set the cost of the delay at about \$1500 to the township besides what it cost the state.

The engineer "strongly" recommended that the matter be taken under advisement by the township Public Works and Highway Committee to prevent a future recurrence.

Several of the commissioners said the situation had existed for some time and that not too much could be done, but it was referred to the suggested committees.

At the same time the commissioners acted on solving another drainage problem. They voted to accept the bid of Luther Mason, of Holland, to lay a 1900-foot storm sewer through Croydon.

The board recommended the appointment of Clarence Bixler, of Croydon, as township Civil Defense director. His name will be submitted to Governor Leader who make the appointment.

Bixler has a background in police, safety and civil defense work. He works at Fort Dix, N. J. He formerly lived in Lebanon, Pa.

At the request of residents of Belarday Tract Solicitor Gilbert Kraus ruled that separate fees should be charged for permits to install sidewalks, curbs or gutters.

The ordinance governing the issuance of permits was described as vague but under Kraus' ruling a resident applying for permits to install 50 feet of curb and sidewalk must pay two \$5 fees.

Seeing Levittown

By LYDIA BOGANE

Anyone who doubts that a little girl can be one of the most precious little gems on earth would have changed his mind after seeing Levittown's 64 tiny reasons during the tot contest last night.

Judging the three to six-year olds was a job. In her own way, each gal was more charming than the next. Represented was the finger in the mouth variety, the extrovert who confidently walked by flipping the number card around her neck, the performer, who turned around with hands on hips, the Miss personality-plus (telling all about her recent brother's christening) and so on down the line.

It was probably best that the kids didn't know what the contest was all about. They seemed more interested in the lollipops they got for walking alone a few feet of space before a judge's table.

One little girl, complete with muffs, wore a bathing suit made out of matching fur. Still another was a Hawaiian cutie, wearing sarong and leis. Some of the kids stopped long enough to point out "that Mom made my suit."

A couple of the kids cried. Everybody seemed to be making too much fuss for the whole thing not to hurt. One Mom finally got her pride and joy in front of the judge's table by casually saying: "Let's walk over to the other side and watch now."

The Mothers out-did themselves on the hair-dos. Ranging from the pretty, and neat to the sophisticated and elaborate, the little-entrants wore the prettiest coiffures any professional could produce. The Moms made the most of the styles with ribbons and flowers.

If we had our way, we'd have given 64 first prizes. The kids deserve them for just being little girls.

Mine Tragedy

(Continued from Page One)

mining disaster in Belgian history as a smoke-yellow dawn broke over this south-central Belgian mining town today.

Grim, desperate rescue workers operated in 16-man relays through the night in a frantic effort to reach the men known to be below, although they were almost certain to be found dead as the result of poisonous gases seeping through the shafts.

Rescue workers reaching the 2,500-foot level in the No. 1 shaft found the bodies of 80 men. A spokesman said they were asphyxiated or burned.

Falls Police

(Continued from Page One)

Alfred Jayne, 19, of 1013 Third avenue and a 16-year-old boy whose name is being withheld due to his age, all of Croydon, were taken to Falls township police headquarters and questioned by Lt. Julius Meszaros and Chief Franklin Kirby.

The youths denied any part of the burglary. They told police they had been out driving since 1:30 a.m. They said they had driven on the Freeway and turned around just as they reached the toll gate. Their car sped back in the Lincoln Point direction.

Jayne, who was driving the car, said he drove in the wrong lane without the aid of headlights. When they arrived at the service station they said they believed the Falls township car was a bridge police car.

Four shots pierced the automobile driven by Jayne. One shot narrowly missed striking the youths when it pierced the right door and was stopped by a piece of metal just below the top of the front seat. Two other bullets were stopped by a spare tire in the trunk of the car. The fourth bullet was spent in the right rear fender.

The 16-year-old youth was released in the custody of his mother late last night. Lantz, Calvert and Jayne were scheduled to appear before Justice of the Peace John Melvin, of Fallsington, sometime today, when they would be charged with contributing to the delinquency of a minor and disorderly conduct.

Jayne was also scheduled to be charged with reckless driving, failing to stop on an officers signal, and turning off headlights to avoid identification.

Falls township investigators said they found empty beer bottles in the rear of the car.

Developments

(Continued from Page One)

also been set. And seven lots are to be formed of the Standenmayer tract on Old Lincoln Highway, Middle-town.

Salem Center, formerly known as Hansell Manor, on Hulmeville road, Bensalem, will get 25 new lots, each with an average size of 20,000 square feet.

Rezoning

(Continued from Page One)

which are a nuisance and a health menace for children attending Sunday School.

Health Officer

Frank Dorn, township health officer confirmed the pastor's complaint about the conditions of the site, but he said he felt it was a matter for the zoning officer. The zoning law, Dorn said, states that livestock can't be kept on any lot less than two acres.

Solicitor Gilbert J. Kraus stated that the best way to meet the situation would be to declare the site a nuisance and condemn the dwellings on the lot as a fire or health hazard.

The commissioners took the matter under consideration.

Unit Passes Bristol Twp. Requirements

Levittown Fire Company Number 2 becomes an official fire fighting unit as of midnight tonight.

At last night's meeting of the Bristol township Board of Commissioners it was announced by Harold Lefcourt, chairman of the Safety Committee, the organization has passed township requirements.

The commissioners approved certification of the company, which will serve a part of the Levittown section of Bristol township. The certification makes the company eligible to receive township aid.

Land Donation

The certification follows by one day the donation by Levitt and Sons of a half acre of land, for a permanent building, to the company. The site, which, firemen said is valued at \$50,000, is located at Five Corners, next to the Emile Methodist church.

The volunteers plan to build a one-story firehouse on the tract. The building is expected to cost between \$30,000 and \$40,000. The company, which has one fire truck, now has temporary quarters in an old barn on Emile road near Green lane.

Levittown No. 2 is the fourth company to serve Bristol township. The other, established companies are Edgely, Croydon, and Newportville.

Fire District Plan

A fire district plan passed by the township last year calls for a limit of five companies, each serving a definite area. A fifth company, the Third Fire District Fire Company No. 1, has been formed and is now building a fire house.

They are waiting for the delivery of a truck so they can be certified in the next few months.

250 Teeners Attend Dance

Some 250 teeners attended last night's dance for members of the Indian Creek teenage club, Little Leaguers and their friends, according to Ed Loewe, director.

Miss Levittown of 1955 attended and spoke to the girls on joining the next "Miss Levittown" contest.

It was announced that the time for the Little Leaguers' dance coming up has been changed to 7:30 p.m.-10:30 p.m.

Mr. Loewe told the youngsters about his appointment by Dick Gersho, LPHRA director, to the post of head of entertainment for youngsters Aug. 25, one of the days Levittown will be celebrating its three days of annual festivities.

A dance is slated in the shopping center that day for the teen-agers.

Young Republicans Off To Ike Rally

Library Site

(Continued from Page One)

for a permanent building and had asked for either the Crabtree lot or one in the Junewood section. The library now has temporary quarters in the basement of the Tows Pharmacy, at Five Corners.

At the same time, the Levittown Nursery and Kindergarten Cooperative Association asked the township to lease it a parcel of land in the Levittown area so they could erect a building.

A spokesman for the group said they will not be able to use the Faith Reformed Church for its classes, as in the past. He added that quarters have been secured for the coming year but the association was interested in getting a permanent site.

It was suggested that the township do the same for the nursery group as was done for the library association. But the board decided against it.

The commissioners stated they had no suitable land available at present, but they would notify the nursery association if they did acquire a site.

Streets Offered

The committee of commissioners will inspect streets in the Levittown, Junewood and Birch Valley sections that have been offered by the Levitt firm for dedication to the township.

The inspection tour will begin at 10 a.m. Saturday.

On a motion by Eugene Kehoe, chairman of the highway committee, the board voted to advertise for a small roller. Kehoe said the roller was "a dire necessity" in fixing roads in the Levittown section.

This week the township started a program of preventive maintenance.

Secrets Offered

The board also approved a request for county aid on the reconstruction of Mill Creek road, between the end of Mill Creek parkway and Edgely road.

Everything Including Ham Goes To Dogs

Everything is going to the dogs!

So, Dave Piscopo, of Morrisville, tells us.

"Purp," his boxer, discovered a freshly cooked ham on the Piscopo stove recently, devoured most of it, and ran off.

Where? Right through the screen of the back door!

"His conscience bothered him," added Dave's wife, Becky.

Police Force Hike Causes Bitter Clash

(Continued from Page One)

save the township \$5,000 a year in salaries.

The Safety chairman also accused Gallagher of meddling in police affairs. He said that following the incident which led to the suspension of Patrolman Henry Scrocca, Gallagher was telling everybody he would "take care of everything."

"He called me and wanted the Safety Committee to step into the dispute. I told him I didn't want to know anything about it and that it was up to the chief to settle," Lefcourt said.

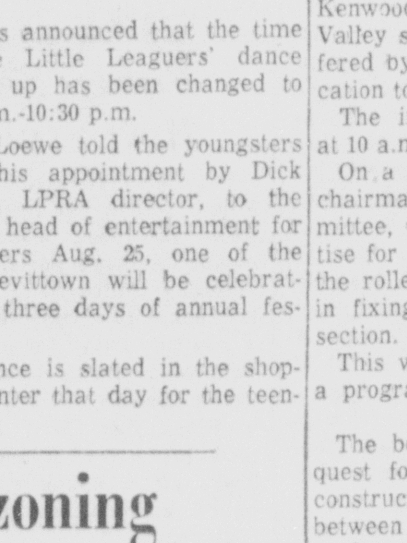

To this Gallagher replied, "Since when do you want the chief to do his job. Six months ago you wanted to fire him."

Wiler ruled the proposal out of order on an opinion from Solicitor Gilbert J. Kraus that the civil service commission would have to submit a list of three names for each patrolman to be hired.

Gallagher maintained the eligibility list submitted by the Civil Service Commission will hold a hearing on the appeal of Scrocca at 9 a.m., September 1. The commission requested permission to hire counsel and a court stenographer for the hearing.

Angry Eden Calls Nasser APlunderer

LONDON—UP—Britain called a sudden halt today to her emergency buildup of troops and supplies in the Mediterranean.

LONDON—UP—Prime Minister Anthony Eden's attack on Egyptian President Gamal Abdel Nasser virtually erased any hope of a negotiated settlement of the Suez Canal crisis, Egyptian sources said today in Cairo.

Nasser was reported counting on the unqualified support of the Soviet Union, India and the Arab nations in the dispute. Cairo sources said Eden's description last night of Nasser as a plundering dictator was certain to bring strong counter-measures.

Official denials in Cairo failed to halt mounting speculation Nasser would seek a defense pact with Russia when he visits the Soviet capital August 16, the opening date of the London Suez Conference.

Hopes for Solution

Eden expressed hope the controversy would be solved "by the broadest possible international agreement," but he said the canal was a matter of life and death and that Britain would never accept Nasser's seizure.

"We do not seek a solution by force," Eden said in a worldwide broadcast last night, "but by the broadest possible international agreement."

"We cannot agree that an act of plunder which threatens the livelihood of many nations will be allowed to succeed... we're too much at risk not to take precautions... this is a matter of life and death to us all."

"Our quarrel is not with Egypt, still less with the Arab world. It is with Colonel Nasser..."

"If Colonel Nasser's action were to succeed, each of us would be at the mercy of one man for the supplies on which we live. We could never accept that..."

Kiwanis To Help On 4-H Projects

Levittown Kiwanis Club last night voted to help the Fallsington 4-H Club with projects planned for boys and girls in the coming year.

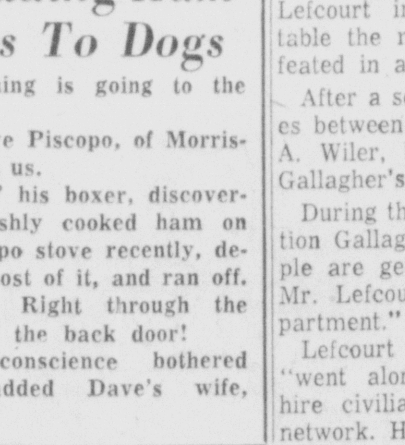

During a meeting last night at the Pennsylvania Inn, Norman Lewis, Peter Hunt, and Stanley Satterthwaite of the Fallsington group explained the program plan.

Further plans were made for the Kiwanis-sponsored incorporation forum, August 29, at the Pennsylvania Inn.

Sieve Van Buren, Bristol Lincoln-Mercury Dealer and former pro-football star, was guest speaker.

Youths On Spree Halted By Shots

Falls Police Stop Quartet Near Station

Youths Deny Part In Burglary; Case Before JP Today

Four Bristol township youths were apprehended early yesterday morning when two Falls township policemen fired shots at their fleeing car near the Lincoln Point Tydol service station.

The youths were suspected of burglarizing the service station after they attempted to run down Patrolmen Lyle Gass and George Mitchell when the officers tried to stop and question them.

The patrolmen reported they noticed the glass door of the service station broken, and when they investigated, an unidentified car, with its headlights off, sped out of the station onto Trenton avenue.

Use Guns

Patrolman Mitchell said he attempted to stop the car but it sped by him. Then Patrolman Gass attempted to stop the car and it ran toward and by him. The two officers then fired at the fleeing car.

The car went out of control and struck the guide-wire on a utility pole, then crashed into a sign supported by heavy timbers. It stopped when it struck a second utility pole.

The suspects, Douglas Lantz, 23, of 731 Cedar avenue, Frank Calvert, 23, of 831 Fourth avenue. (Continued on Page 3, Col. 3)

Good Evening!

Summer back on the warm beam.

Mercury in the mid-80s yesterday, due to straddle 90 today. It's funny—we haven't heard a single soul complain.

No growls from this corner, no air, for we're at peace with the world. As long as we can keep on stuffing ourselves with corn, tomatoes, green beans, fried chicken and blueberry pie we'll stay that way.

Life's wonderful.

Nicest news of the whole summer for Lower Bucks county in that Kaiser Metals, Inc., announcement today.

The big firm to spend \$1,000,000 for a huge warehouse on Radcliffe street, and another \$750,000 for plant improvement, and that sort of planning should reflect plenty of confidence in the future.

Just hold the phone. In a few years plenty of new industry will be showing how much confidence they have in the Lower Bucks county future, too.

Prime Minister Eden tells the world Britain never could accept Egypt's Nasser's bandit-like seizure of the Suez.

The world itself can hardly accept that national robbery, either. But the little tin-can dictator must be jarred to his sense not by another war, but by mid-twentieth century global diplomacy and sanity.

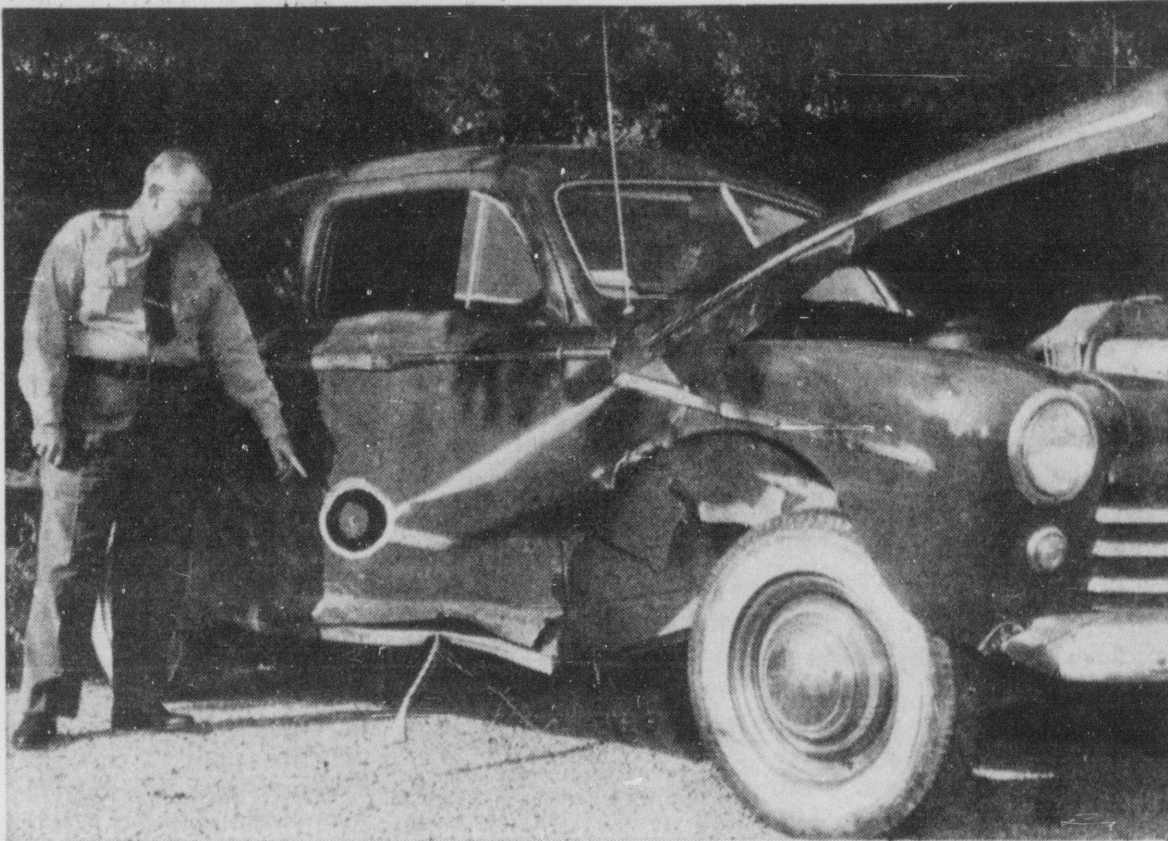

Dixie Democrats bristle over Stevenson's more militant stand on civil rights. Let 'em bristle.

It's time the whole country squares off and squares itself on this civil rights business. We're weary of the sham and hypocrisy and downright chicanery marking the whole approach to wiping out intolerance, bigotry, prejudice.

The honeymoon is over when he phones to say he'll be late for dinner . . . and she's already left a note saying it's in the refrigerator.

By the time most men learn to behave themselves, it's too late to do anything else.

Watch your driving.

Falls township Chief of Police Franklin Kirby points to a bullet-hole (in circle) in the side of an automobile used by four Bristol township youths who attempted to run down two Falls township officers yesterday morning. The officers fired several shots in their attempt to halt the car. The car finally went out of control and was halted when it struck a utility pole. (Courier and Times photo)

Bucks GOP Picks Combined Group

A new Bucks County Republican executive committee was announced today by GOP Chairman Frederick E. Ziegler, with an 11-member ex-officio group to help shape Republican policies in the county. The combined group will be a "working committee," Mr. Ziegler said, and any members who cannot devote the necessary time to Republican Party work will be asked to resign. The chairman said this is one of many moves planned "to see that more Republicans have the opportunity to participate in Republican policy discussion."

27 Members

The executive committee has 27 members from Lower, Middle and Upper Bucks County. Mr. Ziegler named Edward B. Boyer, Tullytown borough councilman, as assistant county chairman for Lower Bucks and said he will soon announce an upper county assistant chairman.

The two assistants, with the five elected officials of the county committee and the four Republican candidates for office in November make up the ex-officio group.

Developments Are Approved

Growth of developments in Southampton area, is noted by the large number of subdivision plans recently approved by the Bucks County Planning Commission.

Plans call for the division of the Heppie tract on Davisville road, Upper Southampton, into four lots of about 20,000 square feet each.

Creekwood Estates

Creekwood Estates are also set to be established in Lower Southampton township on Buck road. The area will be broken into 20 lots of about 23,000 square feet.

A larger development of 41 lots in Upper Southampton township is set for Bustleton pike. It will be called Valley Hill Farms.

Southampton Heights plans for the annexation of 12 lots were also approved by the commission.

Seventy-one additional lots have been approved for Laurel Bend, Bath road, Bristol township, and Milford Manor, a 113-lot development for Big Oak road, Lower Makefield, has also had approval.

Nine Lots

A subdivision of nine lots on the Rumsey tract, Richardson avenue, Middletown township, has been approved by the commission. (Continued on Page 3, Col. 3)

Morrisville Begins Street Surfacing

Work on resurfacing four Morrisville streets began on schedule early this morning, according to Robert H. Steward, borough secretary.

A crew of some 15 men started initial work on the streets which are in the borough's Highland Park development.

Falls Demos Fire On GOP After Split

Twp. Head Angry Over Breakup Of Bi-Party Action

Edward Howley, chairman of the Falls Township Democratic Party, today lashed out at the leaders of the Falls Township Republican Club for "breaking up the common bi-partisan front which has existed in the past against the incorporation of Levittown."

"The irresponsible attack of Michael Dorak against Democratic Supervisor Milton Berkes was planned by the Republicans to try to make political capital out of the incorporation controversy," charged Howley.

Combined Strength

"Two years ago we beat the incorporation movement only through joint action of the two political parties in Falls with Berkes as one of the leaders of that fight. Now the Republicans, in order to obtain some narrow partisan gain, have endangered the possibility of bi-partisan action again—something which must have the incorporationists jumping with joy."

"We wonder," asked Howley, "whether Dorak's position represents the thinking of the entire Republican party in Falls or just its reactionary leaders."

"We wonder whether the rank and file Republicans realize that their leaders are playing partisan (Continued on Page 3, Col. 7)

Hot Weather Seen For Few Days

At least two days of summer-like weather were predicted this morning by the U. S. Weather Bureau.

The weatherman said the thermometer would hit near 90 today, cool to the low 70's tonight, warm up again tomorrow. High humidity, scattered showers and thunderstorms are included in tomorrow's forecast.

Rezoning Fight Flares In L'town

The feud between the First Presbyterian church of Levittown and Mrs. Genevieve Lucas has apparently broken out again.

Ill feeling between Mrs. Lucas and the church dates back several months ago when the church opposed a request by Mrs. Lucas for commercial zoning of a small piece of her property.

The trouble arose over the fact that the lot, at Green lane and Emille road, was surrounded on two sides by church property. The congregation objected to the requested zoning change because the church building was only a

short distance from the property line.

The Bristol Township Board of Commissioners rejected the zoning request.

Pastor Complaints A letter from Rev. Robert Thompson, pastor of the church, protesting conditions of the Lucas lot was read at last night's meeting of the Commissioners.

In his letter Rev. Thompson charged the three-quarters-of-an-acre lot is over run with weeds. Also he said the tenants keep chickens and ducks on the site (Continued on Page 3, Col. 4)

Chemical Truck Afire In Bensalem

Fumes Overcome 25 Persons In Route 1 Blaze

A tractor-trailer truck this morning carrying a load of highly explosive chemicals, believed to be phosphorus, ignited while traveling on U. S. Route 1 near Street road, Bensalem township.

Firemen from Trevoze and Feasterville Fire companies and rescue workers from the Trevoze Heights Rescue Squad are presently fighting dense fumes which have already overcome 25 persons.

Fire officials at the scene believe the chemicals flared because of the high temperatures.

State Police are detouring traffic in the west-bound lane.

The truck is the property of the Ajax Metal Division, H. Krane and Co.

Chemicals kept flaring up, even when under water, and fire hose, part of new equipment of Trevoze fire company, kept catching fire.

The Trevoze Heights rescue squad was using all four resuscitators and oxygen equipment. Spectators found themselves frequently having to stamp out small sections of chemicals which caught fire underneath.

The driver was identified as Robert Lawson, of Philadelphia. He was driving the cargo from Philadelphia to Carteret, N. J.

Motorists saw the flames on the highway but Lawson did not stop until he had passed a string of six service stations, to avoid igniting gasoline tanks.

Twp. Seeks Levitt Land

Bristol Township Board of Commissioners last night voted to ask Levitt and Sons, Inc., to give the Levittown Library Association a small tract of land that had been offered to the township.

The site is on the Crabtree Hollow corner at Mill Creek and Levittown parkway.

It was one of six sites offered to the township by the firm for use as lot lots. Harold Lefcourt, former chairman of the township recreation board, reported that the library group wanted a site (Continued on Page 3, Col. 5)

Lawyer Needs Legal Help

Bristol Township Solicitor Gilbert J. Kraus turned a slight shade of pink at last night's Commissioners meeting when it developed he wasn't sure what was in his contract with the township.

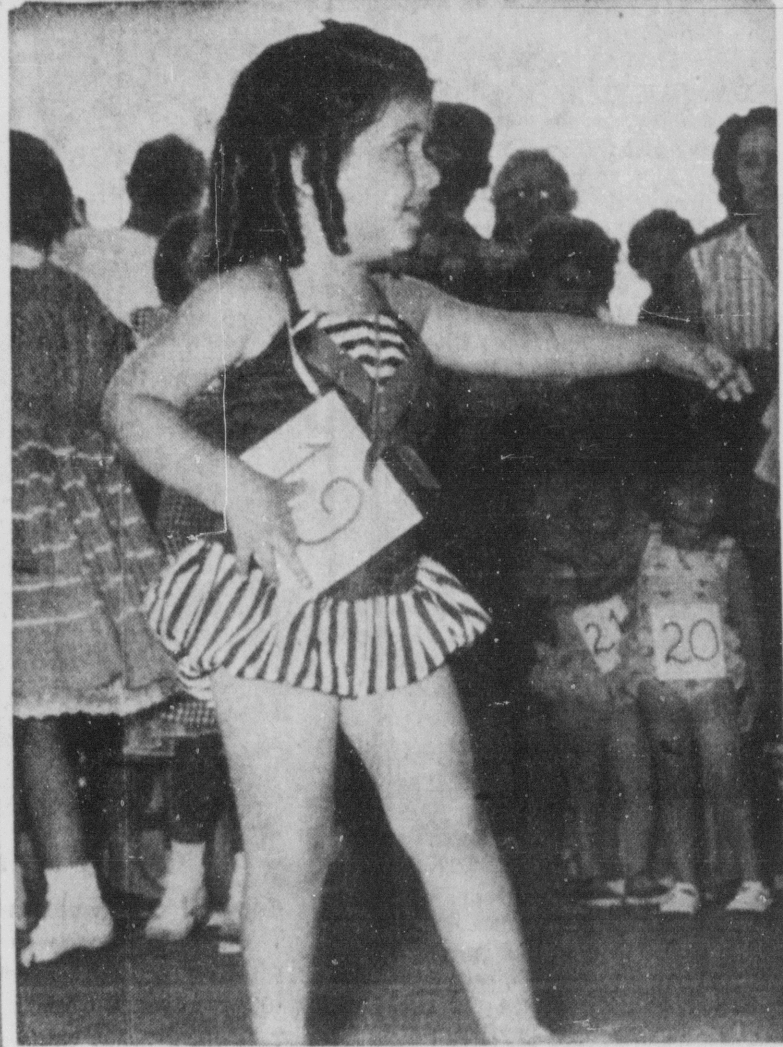

The situation developed when Kraus was instructed to represent Chief John R. Stewart at a coming hearing before the Civil Service Commission. Commissioner Harold Lefcourt asked if that was at any extra cost. "Certainly," replied the lawyer.

"But," said Commissioner Rudolph Kraus, "I thought you only got paid extra for court hearings. Does that include this situation?"

After a moment's reflection the solicitor admitted, "I don't know. I'm not sure how my contract reads."

"You should," came back Commissioner Kraus. "You drew it up."

Little Beauty

Pint-sized Robin Kominsky of 70 Blue Spruce lane, Levittown, struts before judges at the Miss Brook Tot contest held last night at the Stonybrook Pool. Robin was one of the 64 little charmers in bathing suits who competed in the semi-finals. Twenty were selected as final contestants. Hundreds of parents, relatives and friends were on hand to see the three to six-year-olds at their pretty best. (Courier and Times Photo)

Twp. Places Delay Blame On Companies

Lack of Cooperation Caused \$1500 Loss, Engineer Claims

Lack of co-operation from the Bristol Borough Water department and the Philadelphia Electric company caused a seven to 10 day delay at a cost of \$1500 to Bristol Township in the installation of a new storm sewer, it was declared at last night's meeting of the township commissioners.

A report submitted by the township engineer, William Spencer (Continued on Page 3, Col. 1)

Police Force Hike Causes Bitter Clash

Bristol Twp. Safety Group Airs Question Of More Help

Two Democratic members of the Bristol Township Safety Committee clashed head-on at last night's meeting of the Board of Commissioners in a bitter argument over a proposal to hire an additional policeman.

The proposal was made by John Gallagher who said the police force was short-handed by recent promotions, suspensions, and resignations. He pointed out that the Civil Service Commission is considering appeals by one patrolman and two applicants and that positions are being held open.

"The chief has said that he has enough men and doesn't need any more at this time but I don't go along with his statement," Gallagher said.

He was immediately challenged by Harold Lefcourt, chairman of the Safety Committee. "I don't know what Gallagher's motives are, but we have discussed this situation numerous times in committee and have agreed that we would hire four civilians, women or disabled veterans, to handle the base radio and telephone switchboard in headquarters," Lefcourt said.

He explained that this would be (Continued on Page 3, Col. 6)

Crude Bomb Injures Boy

A Levittown boy was rushed to Lower Bucks County hospital last night when a home-made bomb accidentally was touched off and showered his body with fragments.

The injured youth, Wayne Blatt, 13, of 39 Grapevine road, suffered deep cuts of the left arm and puncture wounds of the left leg.

The boy's father, Seymour, was in the kitchen of their home when he heard the blast. He told Patrolman John Rice, of Bristol township, he found his son writhing in pain and bleeding profusely on the back lawn.

Officer Rice said an investigation showed the boy had been tampering about 50 paper matches into the hollow shaft of a golf club when it suddenly ignited and showered steel splinters.

One of the steel splinters lodged in a muscle of the boy's left arm. Mr. Blatt applied a tourniquet when he saw his son bleeding.

Patrolman Rice said the youth told him he got the idea from watching other boys pack similar matches in empty lipstick containers and firing the missiles.

L. Makefield Boy Suffers Burns

A Lower Makefield boy suffered first degree burns of his right arm when he touched a live electric wire while climbing a tree.

The youth, Albert T. Leonard, of Yardley avenue, froze on the wire and was pulled loose by a neighbor, W. H. Tantom, III, who lives at Westover and Ovington roads, Lower Makefield.

The youth was climbing a tree near Tantom's house when the accident happened.

Warehouse To Be Built In Bristol

Cabinet Production Improvements Due Under Program

A 201,000 square-foot warehouse for the storage of finished commercial products and packaging materials will be constructed by Kaiser Metal Products, Inc. of Bristol, Pennsylvania, it was announced today by S. D. Hackley, vice president and general manager. The cost is estimated at \$1,000,000.

At the same time Mr. Hackley said the company is embarking on a \$750,000 improvement program in its kitchen cabinet production facilities. Details will be announced shortly.

"This large investment in our future — nearly two million dollars — is being made to improve our competitive position in a highly competitive field," Mr. Hackley said. "It will enable us to manufacture and ship our commercial products with increased efficiency and flexibility, and to give even better service to our customers."

The Kaiser firm manufactures porcelain enameled steel bathtubs and sinks, and steel kitchen cabinets for Sears, Roebuck & Co., Westinghouse Electric Supply Co., and other leading merchandisers. It also produces jet engine and missile components for several large aircraft companies.

Construction of the warehouse, which will add 4½ acres of floor space to Kaiser Metal's facilities, will begin at once, with completion expected in six months, Mr. Hackley said. The structure was designed by Kaiser Engineers Division of the Henry J. Kaiser Co., Oakland, California. McClain Construction Co., Inc., Philadelphia, is the general contractor.

Features of the new warehouse include: Tile-wall concrete slab construction, with the new building to be joined to KMP's Enameling Plant. The 960 by 210-foot warehouse will extend north from the Enamel Plant along Radcliffe Street.

A 2,000-foot long sub-floor dragline conveyor circling the inside of the building.

An inside railroad loading dock large enough to accommodate 15 freight cars at one time.

Stassen Claims Gain

WASHINGTON — UP — Harold E. Stassen said today the chairman of the Missouri delegation to the Republican national convention has thrown his support to Stassen's "dump-Nixon" campaign.

Stassen released a letter in which Elroy W. Bromwich, the delegation chairman who also is Republican national committee member from Missouri, said he has "much evidence that a majority of the people want a change in the vice presidential nomination."

Inside Today's Paper

HUSBAND'S SIDE

Some driving instruction schools advertise, "Want a divorce? Teach your wife to drive." Some Morrisville husbands don't think a divorce will result, but they don't believe the husband should be a driving instructor. And others disagree. See today's Roving Reporter, Page 10.

HAIR RAISING

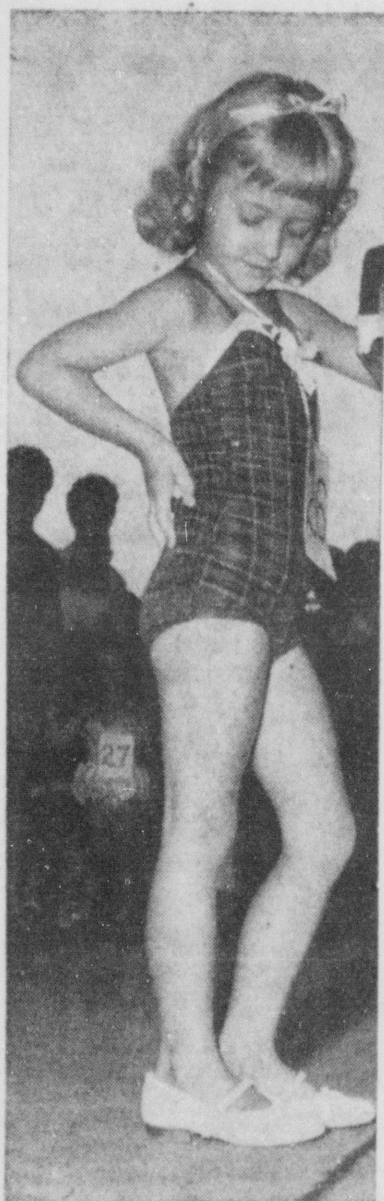

The trend is to shorter hair for men. An executive of a hair dressing firm tells why. Page 11.

L'town Fire Company 2 Becomes Official Tonight

Posing For Judges

Three pretty contest entries posed differently before judges during the bathing beauty competition. Vivian Troxell of 6 Vista road (left) chose the hand on hip stance to show off her bathing suit. Mary Kay Murley, of 27 Canoe Birch lane, (center) strikes an "I don't care" look, while Meg Birch of 155 North Kenwood Drive acts a little shy before the camera. (Courier and Times photos)

Unit Passes Bristol Twp. Requirements

Levittown Fire Company Number 2 becomes an official fire fighting unit as of midnight tonight.

At last night's meeting of the Bristol township Board of Commissioners it was announced by Harold Lefcourt, chairman of the Safety Committee, the organization has passed township requirements.

The commissioners approved certification of the company, which will serve a part of the Levittown section of Bristol township. The certification makes the company eligible to receive township aid.

Land Donation

The certification follows by one day the donation by Levitt and Sons of a half acre of land, for a permanent building, to the company. The site, which firemen said is valued at \$50,000, is located at Five Corners, next to the Emilie Methodist church.

The volunteers plan to build a one-story firehouse on the tract. The building is expected to cost between \$30,000 and \$40,000. The company, which has one fire truck, now are using temporary quarters in an old barn on Emilie road near Green lane.

Levittown No. 2 is the fourth company to serve Bristol township. The other, established companies are Edgely, Croydon, and Newportville.

Fire District Plan

A fire district plan passed by the township last year calls for a limit of five companies, each serving a definite area. A fifth company, the Third Fire District Fire Company No. 1, has been formed and is now building a fire house. They are waiting for the delivery of a truck so they can be certified in the next few months.

250 Teeners Attend Dance

Some 250 teeners attended last night's dance for members of the Indian Creek teenage club, Little Leaguers and their friends, according to Ed Loewe, director.

Miss Levittown of 1955 attended and spoke to the girls on joining the next "Miss Levittown" contest.

It was announced that the time for the Little Leaguers' dance coming up will have been changed to 7:30 p.m.-10:30 p.m.

Mr. Loewe told the youngsters about his appointment by Dick Geruso, LPRA director, to the post of head of entertainment for youngsters Aug. 25, one of the days Levittown will be celebrating its three days of annual festivities.

A dance is slated in the shopping center that day for the teen-agers.

Rezoning

(Continued from Page One) which are a nuisance and a health menace for children attending Sunday School.

Health Officer

Frank Dorn, township health officer confirmed the pastor's complaint about the conditions of the site, but he said he felt it was a matter for the zoning officer.

The zoning law, Dorn said, states that livestock can't be kept on any lot less than two acres.

Solicitor Gilbert J. Kraus stated that the best way to meet the situation would be to declare site a nuisance and condemn the dwellings on the lot as a fire or health hazard.

The commissioners took the matter under consideration.

Developments

(Continued from Page One) also been set. And seven lots are to be formed of the Standenmeyer tract on Old Lincoln Highway, Middletown.

Salem Center, formerly known as Hansell Manor, on Hulmeville road, Bensalem, will get 25 new lots, each with an average size of 20,000 square feet.

Seeing Levittown

By LYDIA BOGANE

Anyone who doubts that a little girl can be one of the most precious little gems on earth would have changed his mind after seeing Levittown's 64 tiny reasons during the tot contest last night.

Judging the three to six-year-olds was a job. In her own way, each girl was more charming than the next. Represented was the finger in the mouth variety, the extrovert who confidently walked by flipping the number card around her neck, the performer, who turned around with hands on hips, the Miss personality-plus who wanted to linger and talk (telling all about her recent brother's christening) and so on down the line.

It was probably best that the kids didn't know what the contest was all about. They seemed more interested in the lollipops they got for walking along a few feet of space before a judge's table.

One little girl, complete with muff, wore a bathing suit made out of matching fur. Still another was a Hawaiian cutie, wearing sarong and leis. Some of the kids stopped long enough to point out "that Mom made my suit."

A couple of the kids cried. Everybody seemed to be making too much fuss for the whole thing not to hurt. One Mom finally got her pride and joy in front of the judge's table by casually saying: "Let's walk over to the other side and watch now."

The Mothers out-did themselves on the hair-dos. Ranging from the pretty, and neat to the sophisticated and elaborate, the little entries were the prettiest coiffures any professional could produce. The Moms made the most of the styles with ribbons and flowers.

If we had our way, we'd have given 64 first prizes. The kids deserve them for just being little girls.

Mine Tragedy

(Continued from Page One) mining disaster in Belgium history as a smoke-yellow dawn broke over this south-central Belgian mining town today.

Grim, desperate rescue workers operated in 16-man relays through the night in a frantic effort to reach the men known to be below, although they were almost certain to be found dead as the result of poisonous gases seeping through the shafts.

Rescue workers reaching the 2,500-foot level in the No. 1 shaft found the bodies of 80 men. A spokesman said they were asphyxiated or burned.

Kaiser Plant

(Continued from Page One) crating areas in the Enamel Plant to the warehouse conveying line.

A 125-foot long truck loading dock at the north end of the warehouse.

Twenty-two-foot inside clearance height for storage purposes. Complete automatic sprinkler fire control.

Cooperation

(Continued from Page One)

Erwin, charged that the water company and Philadelphia Electric refused to replace their lines under Bath road during construction of the sewer.

The sewer system consists of 750 feet of drainage pipe and 1000 feet of open ditch from Harrison and Terrace avenues, behind Bath road, to Silver Lake.

Estimates \$20,000

James T. Darrah, Erwin's representative to the township, estimated the entire project cost the township about \$20,000. The township also participated in the project and laid the necessary pipe under Bath road, which is a state highway.

Erwin's report stated neither the Bristol Water Company or the Philadelphia Electric company "seemed to have any regards in replacing their lines in this area which caused a delay of at least seven to 10 days to the township and the Pennsylvania Department of highways."

Darrah said the delay was caused when the workers waited for the agencies to move their lines. Finally he said construction workers had to work around the lines when it became apparent they wouldn't be moved. He set the cost of the delay at about \$1500 to the township besides what it cost the state.

The engineer "strongly" recommended that the matter be taken under advisement by the township Public Works and Highway Committee to prevent a future recurrence.

Several of the commissioners said the situation had existed for some time and that not too much could be done, but it was referred to the suggested committees.

At the same time the commissioners acted on solving another drainage problem. They voted to accept the bid of Luther Mason, of Holland, to lay a 1900-foot storm sewer through Croydon.

The board recommended the appointment of Clarence Bixler, of Croydon, as township Civil Defense director. His name will be submitted to Governor Leader who make the appointment.

Bixler has a background in police, safety and civil defense work. He works at Fort Dix, N. J. He formerly lived in Lebanon, Pa.

At the request of residents of Belardley Tract Solicitor Gilbert Kraus ruled that separate fees should be charged for permits to install sidewalks, curbs or gutters.

The ordinance governing the issuance of permits was described as vague but under Kraus' ruling a resident applying for permits to install 50 feet of curb and sidewalk must pay two \$5 fees.

Births

LOWER BUCKS HOSPITAL

AUG. 7-8

Mr. and Mrs. James Boyan, 12 Gridiron road, Levittown, boy.

Mr. and Mrs. Gordon Fahey, 2617 Third avenue, Edgely, boy.

Mr. and Mrs. Edward Hughes, 10 Rustleaf lane, Levittown, boy.

Mr. and Mrs. Philip Hunt, 14 Dogwood drive, Levittown, boy.

Mr. and Mrs. Frank Ogronick, 358 Thorbridge drive, Levittown, girl.

Mr. and Mrs. William Riblett, 324 Andover road, Fairless Hills, boy.

Mr. and Mrs. William Thomas, 71 Idolstone road, Levittown, boy.

Mr. and Mrs. Robert Wilson, 36 Young Birch road, Levittown, boy.

Miss Brook Tot Contest Finalists

Twenty finalists chosen from the 64 Levittown bathing beauty entries in the Miss Brook Tot contest held last night at the Stonybrook Pool pose prettily for the photographer. The three to six year-olds are (standing from left); Connie Caldwell, Michelle Piras, Cindy Smith, Maureen Dilley, Diane Krupa, Eloise Higgins, Phyllis Rosen, Laura Ward, Rochelle Glassman, Christine

Brash, Eileen Hammarman, and Marsha Meisler. Seated are (from left): Cynthia Jones, Christine Bell, Patricia Ward, Betsy Hughes, Denise Bishop, Linda Wagon, Melanie Carson, and Carrie Topliffe. Finals will be held Sunday at 3 p.m. at the pool site. (Courier and Times photo)

Library Site

(Continued from Page One)

for a permanent building and had asked for either the Crabtree lot or one in the Junewood section. The library now has temporary quarters in the basement of the Towne Pharmacy, at Five Corners.

At the same time, the Levittown Nursery and Kindergarten Cooperative Association asked the township to lease it a parcel of land in the Levittown area so they could erect a building.

A spokesman for the group said they will not be able to use the Faith Reformed Church for its classes, as in the past. He added that quarters have been secured for the coming year but the association was interested in getting a permanent site.

It was suggested that the township do the same for the nursery group as was done for the nursery association. But the board decided against it.

The commissioners stated they had no suitable land available at present, but they would notify the nursery association if they did acquire a site.

Streets Offered

The committee of commissioners will inspect streets in the Kenwood, Junewood and Birch Valley sections that have been offered by the Levitt firm for dedication to the township.

The inspection tour will begin at 10 a.m. Saturday.

On a motion by Eugene Kehoe, chairman of the highway committee, the board voted to advertise for a small roller. Kehoe said the roller was "a dire necessity" in fixing roads in the Levittown section.

This week the township maintained a program of preventive maintenance.

Secrets Offered

The board also approved a request for county aid on the reconstruction of Mill Creek road, between the end of Mill Creek parkway and Edgely road.

Everything Including Ham Goes To Dogs

Everything is going to the dogs!

So, Dave Piscopo, of Morrisville, tells us.

"Purp," his boxer, discovered a freshly cooked ham on the Piscopo stove recently, devoured most of it, and ran off.

Where? Right through the screen of the back door!

"His conscience bothered him," added Dave's wife, Becky.

Young Republicans Off To Ike Rally

A group of young Republicans from Lower Bucks County attended a Rally honoring President Eisenhower in Philadelphia last night. Shown just before boarding a bus at the Levittown Shopping Center on their way to the rally are: Lem Hill, Kay Patterson, Betty Jean Edwards, Mrs. Bonnie Graham, David Levinthal,

Kathy Gadzinsk, Richard Goulding, Diane Greenwood, Jacob Schramm, Paul C. Volt, chairman of the group, and Lester M. Townsend. (Courier and Times photo)

Angry Eden Calls Nasser A Plunderer

BULLETIN

LONDON—UP—Britain called a sudden halt today to her emergency buildup of troops and supplies in the Mediterranean.

LONDON—UP—Prime Minister Anthony Eden's attack on Egyptian President Gamal Abdel Nasser virtually erased any hope of a negotiated settlement of the Suez Canal crisis, Egyptian sources said today in Cairo.

Nasser was reported counting on the unqualified support of the Soviet Union, India and the Arab nations in the dispute. Cairo sources said Eden's description last night of Nasser as a plundering dictator was certain to bring strong counter-measures.

Official denials in Cairo failed to halt mounting speculation Nasser would seek a defense pact with Russia—when he visits the Soviet capital August 16, the opening date of the London Suez Conference.

Hopes for Solution

Eden expressed hope the controversy would be solved "by the broadest possible international agreement," but he said the canal was a matter of life and death and that Britain would never accept Nasser's seizure.

"We do not seek a solution by force," Eden said in a worldwide broadcast last night, "but by the broadest possible international agreement."

"We cannot agree that an act of plunder which threatens the livelihood of many nations will be allowed to succeed... we're too much at risk not to take precautions. This is a matter of life and death to us all."

"Our quarrel is not with Egypt, still less with the Arab world. It is with Colonel Nasser..."

"If Colonel Nasser's action were to succeed, each of us would be at the mercy of one man for the supplies on which we live. We could never accept that..."

Kiwanis To Help On 4-H Projects

Levittown Kiwanis Club last night voted to help the Fallsington 4-H Club with projects planned for boys and girls in the coming year.

During a meeting last night at the Kiwanis Inn, Norman Lewis, Peter Hunt, and Stanley Satterthwaite of the Fallsington group explained the program plan.

Further plans were made for the Kiwanis-sponsored incorporation forum, August 29, at the Pennsylv Inn.

Steve Van Buren, Bristol Lincoln-Mercury Dealer and former pro-football star, was guest speaker.

Country Parson

"I don't think the Lord ever intended that a sermon, in order to be inspiring, should also be boring."

Falls Demos

(Continued from Page One)

politics with the important question of opposing incorporation.

Responsible

"If Falls Township is dragged into an incorporated Levittown," concluded Howley, "then the Republican Club and its alleged leaders must bear full responsibility. The Democratic party will stand as it has in the past, opposed to incorporation."

"The Republicans, however, have wittingly or unwittingly jeopardized future, joint action on this problem."
